Date: 19-08-2024 to 21-08-2024   **Time: 9.00-to 04.15 PM**

                                                                           Venue: Computer Lab 2

Resource Persons:

1. Dr.T.Gobinath,ASP/CSE

2. Mrs.C.Sangeetha,AP/CSE

3. Mrs.R.Anitha,AP/CSE

Description:

The department of Computer Science and Engineering organized 3 days' Value Added Course on **PHP & MySQL** for II CSE students.
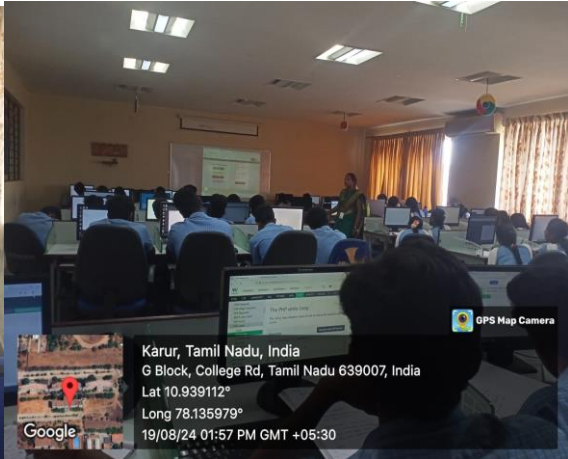

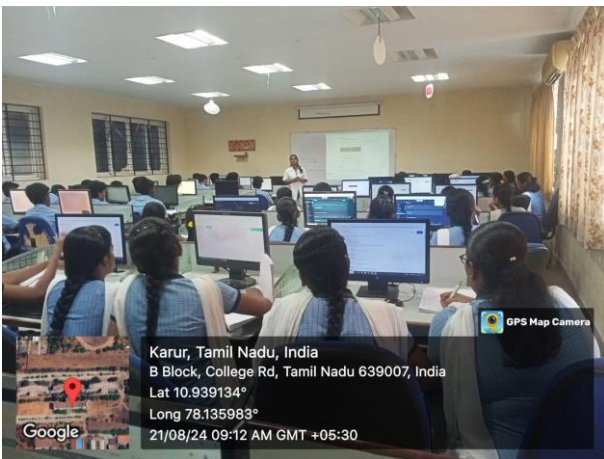

The sessions were handled by the faculties, Dr.T.Gobinath, , Mrs.C.Sangeetha, Mrs.R.Anitha of CSE department. The students actively participated in the sessions, as this Value added course often leads to better retention of knowledge.

The outlined topics covered during the training, such PHP-Introduction, Statements, Function and Array, Form Design and Validation, MYSQL Comments (DDL, DML, DCL & TCL) and PHP with MYSQL, DB Connection and Data Manipulation.

These concepts are crucial for building a strong foundation in IT industries.

The students learnt new things from this three days value added course. They are going to implement real time projects by using PHP & MySQL.

Feedback:

Feedback.

I am Sabitha Ananthi.S of II yr cse. The value added course conducted on PHP and MySQL. This course is very helpful to write a program by self. The course was handled by our department faculties. They teached up very clear. I had learned more from this course.

This course will help to work on mini project. By this course we have a idea about mini project.

Thankyou for provide the value added course for us.

                                                23CS007

It's about 3 days value Added course held for II-year III-Semester CSE Students.

It is very helpful and useful. We learn't about basic things of php and mysql. and done some hands on Training.

But we need much more practice and hands on Training about it.
