Faculty Incharge   : **Ms.J.Jenisha**

                             Assistant Professor/ECE

Date: **11.04.2025**

Venue: **C-Block Seminar Hall**

Number of Participants: 117

Description:

The Department of Electronics and Communication Engineering successfully organized a technical event, **"TECHTRIX'2025"**, which comprised two engaging and knowledge-driven rounds for II and III-year ECE students. **Round 1 – Techno Quiz Buzz** was conducted as a buzzer-based quiz to test the students' core technical knowledge, presence of mind, and reflexes. The quiz featured 23 questions from subjects including Electronic Devices and Circuits, Digital Electronics, VLSI, Communication Systems, DSP, Networking, and General Awareness. Students actively participated with great enthusiasm, showcasing their subject understanding and team coordination in a high-energy atmosphere. The top-performing teams progressed to **Round 2 – Group Discussion** on the topic **"Impact of Technology on Jobs."** This round provided a platform for students to express diverse viewpoints on the evolving role of technology in the workforce. The objective of this event was to encourage critical thinking, improve communication skills, and promote healthy competition. The activity also aimed to recognize and reward students' participation, performance and potential through certificates and appreciation, fostering a culture of excellence and innovation.
